

Our Town

By

Cottage Grove, Oregon is a beautiful place;
With historical buildings and a most colorful face.

It has covered bridges and bicycle trails;
And gold miner's dreams full of memorable tales.

It has many good things to satisfy our wants;
Like a hospital, a theater, and several restaurants.

It's a town with treasures too many to tell;
Churches, autumn leaves, and a coming carousel.

It also has golf courses, two to be exact;
Rodeo grounds, schools, rivers, and a racetrack.

Festivities are happening all the year round;
Fairs, Bohemia Mining Days, and parades abound.

The town is one that we can proudly share;
From its parks and two lakes to lots of fresh air.

For all of the people who live in and around;
Such a wonderful place to be, we call it Our Town.
