

## Donna and Linda

Donna, you came into my life when I needed you the most; a touching hand; a friend I lost my loving wife, Linda in 2012; my life was in disarray; both our lives were woeful. You too had lost your wonderful husband, Don, and you were hurting very unbearable We held hands, looked into each other's eyes, and found our life moving forward again.

Only four months after we met, I asked you to be my wife and you ecstatically said yes The moment I saw you, I knew that we belonged together; you were so very beautiful Our marriage lasted one month short of seven years; we were both so very resourceful I wish it could have lasted forever but the short time we had was an enormous success

We both got a second chance at a life and we found out that they can be beautiful too Every minute we were together we made great memories that can never be replaced I will cherish every memory that we made together; they will never ever be displaced Memories are what we get to keep and I'm happy that I have many memories of you

You never got to use the treadmill that I bought you; Now I'll use it in your memory Every step that I take on it will bring me one step closer to all of you for a joyful redo. Life can be so short and no matter how long our time is, it can seem like the time flew You have joined my wife Linda, our son Don, your husband Don, and all other royalty

Linda, you gave so much in our 52 years together; beautiful children and grandchildren You were an inspiration to all who came into our lives and you will never be forgotten. I was able to move on after your passing because you were such an inspirational beacon My life came to a stop for a long time and I thought that I would never recover again

Donna and Linda, my life can go on because of you and I promise to continue being me It's in both of your honors that I will carry on my life; to me you were both so wonderful Each and every one of us needs to honor our time on earth by smiling big and beautiful We are all so fortunate to have people like you in our lives; you were both so heavenly

Donna, your love of life and how you handled it will stay with me and all of your children There won't be a moment that goes by that we don't think of you and all that you did Your grandchildren loved you as I do; you'll always be their nanny; it'll never be undid I'll never forget all that you taught me from the first moment we met till the last curtain
