

Our Christmas Wedding

By

Stanley Straub

Our wedding is the uniting of two people in an everlasting love
It's an opportunity for us to again feel love and be very happy
To share with each other a bonding that was sent from above
To hold each other and once again be smiling and feeling free

We owe so much to our children, Darlynn and Dave, for today
They brought us together and that led to us being united by law
Our wedding is the joining of two beautiful families we daresay
It's a bonding that gives the families a new grandpa and grandma

Our wedding started when I first saw Donna's eyes and her smile
The moment we met, a true love was born and it gathered speed
Till the time arrived that I asked her to walk with me up the aisle
That day made me very happy and I am so glad that she agreed

Getting married so near Christmas was to us as good as it can be
Having snow falling from the sky would be a blessing in disguise
We wanted a magical wedding with a beautiful Christmas tree
Our wedding at Christmas makes for heavenly divine lasting ties

The magic of our wedding will be as lasting as the holiday spirit
Our two families will give us memories for many years to come
Each holiday we will celebrate with a wonderful family banquet
Our wedding is magical and our anniversaries will be awesome
